

Eastern WA Walk-in Medication-Assisted Treatment – Buprenorphine

Medication to treat Opioid Use Disorder is the most effective tool in helping people achieve success and get healthy. Medication-Assisted Treatment (MAT) treats the cravings of opioid withdrawal. Medications, along with walk-in appointments, are available across Eastern Washington. For a complete list of all locations that provide MAT go to <https://www.warecoveryhelpline.org/mat-locator/> and click on the MAT Provider Finder.

The following locations are available for drop-in appointments
